American Hotel Guide.

Giving the Names of the Hotels Using the Advertising Register Books obtained from the several Members of the HOTEL REGISTER PUBLISHERS' ASSOCIATION for the respective States Mentioned, also giving the Hotel Rates per day, and the ESTIMATED POPULATION of the Cities and Towns where the Hotels are Located.

Hotel Register Publishers' Association.

For the benefit of our hotel patrons and their guests, we bind in the front of the Advertising Register Books published by us, a copy of the "AMERICAN HOTEL GUIDE," giving the "names of the hotels, the town or city where located, and rate per day" of hotels obtaining their Registers from the undersigned.

As this Guide is kept for reference in those places where the traveling or business public seek information regarding the cities and towns whither they may be going, it affords an advertisement to the hotels represented in these columns that cannot be replaced by from $200 to $500 per year otherwise invested for advertising purposes. Any hotel-keeper doubting this statement can best ascertain the facts by having his hotel *not* represented in this "GUIDE" for a year or two, while the other hotels of hislocality are thereby advertised on the public counters of over 4,000 hotels throughout the States, the Territories, Canada, and Old Mexico.

Awaiting your orders, as you need the Registers,

We are, respectfully,

JAMES T. HAIR COMPANY.
